

Protect What Matters

WWTA gives you a voice in broader regional matters-from water quality and shoreline preservation to land use policies that shape the future of our cherished landscapes.

WWTA works direct with local and regional government entities and with GBA to ensure the voice of the members are heard.

Membership offers opportunities to meet your neighbour, participate in social events, and be part of a community that looks out for each other.

With just one annual meeting and optional social gatherings, participation is easy-and the cost is nominal.

The Association is connected into partner organizations Georgian Bay Land Trust (GBLT), Georgian Bay Forever (GBF), and Georgian Bay Biosphere (GBB)

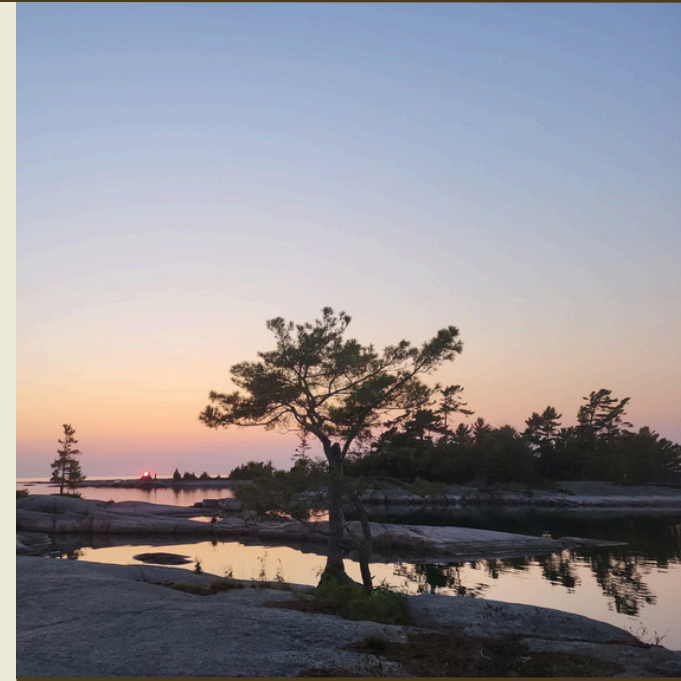

GBA

Your paid dues support the Georgian Bay Association.

The Georgian Bay Association was established in 1916 as an advocacy group to champion the interests of our member associations and our 3,000 plus paying families on the eastern and northern coasts of Georgian Bay at the federal, provincial, municipal, and First Nations government levels on issues that include: coastal, environmental and water protection; boating, safety & emergencies; aquaculture; fisheries; lands and forests; species at risk; indigenous relations; and other important Bay related matters.

Wah Wah Taysee Association

Wah Wah Taysee is a water-access cottage community on the eastern shore of Georgian Bay. The Wah Wah Taysee Association was formed to promote the property, environmental and social interests of the residents of the islands and shoreline of Georgian Bay from the north end of Monument Channel up to Twelve Mile Bay.

Where We Are

Stay Informed

WWTA keeps you up to date on key issues that impact your property and lifestyle-fire safety, emergency response, land use planning, taxation, and essential services like garbage collection, hydro, parking, and marina access.

The latest information is provided to members via email newsletters and our website, wahwahtaysee.ca

Also checkout the Association's Facebook page.

Please join us

Becoming a member of the Wah Wah Taysee Association connects you to a vibrant community of cottagers who care deeply about protecting and enhancing life on Georgian Bay.

You can include adult children in your membership to help them stay connected and informed while also building stewardship for the next generation of Wah-Wah Taysee cottages.
